

# 3T Multipurpose Spreader

Ideal for fertilizer, manure, feed, lime, etc. Designed to spread a full range of materials available to all facets of farming, from the lightest granulates, powders and manures to the heavier gypsum and lime, this spreader will convey material of any texture from micro fine particles to crushed stones. Effectively spreads lime, super, urea, gypsum, seeds, dolomite, cotton trash, crusher dust, chicken litter, pig and cow manure.

<b>Hitch</b>	Drop Pin
<b>Tractor Power Required</b>	60HP and up
<b>Hopper Capacity</b>	3,000 Kg
<b>Spinners</b>	Twin Spinners, Painted Steel
<b>Seed Gate</b>	Adjustable
<b>Tyres</b>	11.5/80-15.3 Heavy Duty Tyres
<b>Conveyor</b>	Variable speed hydraulic driven steel conveyor chain
<b>PTO Shaft Included</b>	Yes
<b>PTO Input Speed</b>	540 RPM
<b>Spreading Width</b>	6 - 15 Metre effective spreading width
<b>Discharge Aperture</b>	15mm-270mm Discharge Adjustment
<b>Jack Stand</b>	Sidewinder jack stand
<b>Hydraulics</b>	Fully self contained hydraulic drive system
<b>Hydraulic Oil Capacity</b>	Spreader requires approximately 70 litres of hydraulic oil. Hydraulic oil not included.
<b>Overall Measurements</b>	Length: 4,200mm, Width: 1,800mm, Height: 1,950mm
<b>Hopper Maximum Measurements</b>	Length: 2,680mm, Width: 1,500mm
<b>Drawbar Length</b>	900mm
