

Chisel Plough

Featuring adjustable height rippers with replaceable cutting tips. Chisel ploughs are great for breaking up soil or dirt prior to grading or rotary tilling. The main functions of these chisel type ploughs are breaking hard bottom soil which formed by ploughing and processing soil without tipping and airing. Tines are designed to get the maximum output from your tractor by giving them the most appropriate submersion angle. Chisel ploughs enable you to do a lot of hard work for minimal effort.

 Some Assembly Required

 Category #1 3 Point Linkage
