

4ft Drum Mower

Now you can cut your own hay or other crops without upsizing or hiring out. High speed blades give you fast, efficient cutting and can be used to harvest tall native grasses, pasture, herbage such as alfalfa, ryegrass, oat grass and so on.

Opposing rotating drums feed cutting in between the drums and do not clog. The precisely balanced drums give you a smooth, vibration free run and the simple, maintenance free bevel gear drive gives you a long dependable life. Break-away cutter bar for protection against collision of solid or unseen objects.

Size	4ft (1,250mm)

Discount Implements is a subsidiary of Discount Rural. Full specifications are available on our website. All prices are inclusive of GST. Warranty is strictly back-to-base. For full terms and conditions for the warranty, please visit our warranty page. *Offers, inclusions and accessories are available only while stocks last and are subject to availability. Offers and/or included accessories may be withdrawn or changed without prior notice. Included bonuses may be changed for an alternative of lesser retail value at agents discretion. Package deal price(s) available only at designated marketing events or at dealers discretion. Prices and specifications correct at time of publication but are subject to change and/or correction without prior notice. Implements with gearboxes (ie. Connect to the tractor with a PTO shaft) do not contain oil when new - add gear oil before use. Some assembly is required. Gear oil not included.
