

# Smudge Bar (Grab Type)

Heavy duty all-steel construction. The most versatile implement for levelling and finishing dirt driveways. Easily attached to a front end loader equipped with a 4-in-1 bucket (grab function), these smudge bars are ideal for final smoothing and levelling that standard grader blade cannot do. Ideal for spreading sand in horse rings / arenas. The multi rails help fill imperfections without digging in and also level out corrugations that a normal blade will merely follow or jump over.

<b>Hitch</b>	FEL Grab Type
<b>Tractor Power Required</b>	20HP+
<b>Construction</b>	Fully welded steel
<b>Finish</b>	Premium powder coated
<b>Available Widths</b>	5ft (1,500mm) 6ft (1,800mm) 7ft (2,100mm)
