

Single Ripper, Optional Pipe Layer

All rippers are useful on standard tractors, but can also suit other agricultural machines like dozers - single tyne ripper can be attached with a pipe layer attachment to make laying poly pipe for up to 50mm diameter an easy one person process - perfect for preparing soil for crops or lawn. Great for ripping around tree roots before removal and excavation. The single tyne ripper has a reversible cutting tooth that is easily replaced - cutting tooth is replaceable - extra strong, re-enforced steel framing for longer life.

Hitch	3 Point Linkage
Tractor Power Required	40 HP +
Number of Tynes	1
Max. Ripping Depth	450mm
Reversible Tyne	Yes
