

5-Row Seed Drill

This seed drill can be widely used in plains and hills to achieve mechanized planting of seeds in a large scale. Featuring variable sowing depth, adjustable plant and row spacing, you can optimize the machine setup for an optimal crop. Through the adjustment of the planting head, it achieves the continuous spot planting. The seeder adopts the technique of on-demand and guide tubes.

Hitch	3 Point Linkage, Category 1
Tractor Power Required	15-50HP
Rows	6
Plant Spacing	65-130mm
Planting Depth	35-78mm
Row Spacing	160-220mm

A Discount Rural Company

Discount Implements is a subsidiary of Discount Rural. Full specifications are available on our website. All prices are inclusive of GST. Warranty is strictly back-to-base. For full terms and conditions for the warranty, please visit our warranty page. *Offers, inclusions and accessories are available only while stocks last and are subject to availability. Offers and/or included accessories may be withdrawn or changed without prior notice. Included bonuses may be changed for an alternative of lesser retail value at agents discretion. Package deal price(s) available only at designated marketing events or at dealers discretion. Prices and specifications correct at time of publication but are subject to change and/or correction without prior notice. Implements with gearboxes (ie. Connect to the tractor with a PTO shaft) do not contain oil when new - add gear oil before use. Some assembly is required. Gear oil not included.
