

3-Point 50x50mm Receiver Hitch

The 3 point linkage 50x50mm receiver tow hitch makes lifting your trailer easy. The unit features a Hayman Reese-compatible 50x50mm receiver, coupled with an ultra-strong, fully welded and gusseted 80x80mm RHS frame.

The simple yet durable design makes it easier to connect and remove from your tractor and makes the tow ball easily visible from the drivers seat. Can also be used to raise your drawbar on your boat trailer to drain water from your boat after a day fishing. Tow your trailer around your paddock or farm to move water & diesel tanks, chainsaws, toolboxes, stock feed, small tanks, hay, hoses, generators. Take advantage of your tractor's rear end and lift the tow bar up and down hydraulically - no more sore back! The 3 point linkage 50x50mm receiver tow hitch has got you covered. Suits any trailer with a 50mm tow hitch.
